Ann Smith inquired with the board regarding the potential implementation of a noise ordinance for the township. This initiated a discussion addressing both its advantages and disadvantages. Bob Savage noted that such an ordinance would necessitate hiring a township constable, which is currently not feasible given budget constraints. Additionally, he recalled that when this proposal was previously considered, many electors expressed opposition to hiring a constable. Dan Waldhauser raised the question of when the township should consider establishing ordinances to effectively address and manage recurring nuisances.

Motion by Dan Waldhauser/Eugene Sikorski to approve the wage of \$18/hour for the deputy clerk position. Motion carried, Dan – yes, Eugene – yes, Bob – abstain.

A brief discussion took place concerning the Town Hall septic system. Last week, an excavator was used and six-inch foam insulation was installed over the pipes to reduce the risk of freezing during winter months. Additionally, placing a two-foot mound of soil over the pipes is being considered as a potential improvement. This matter will be revisited in the spring.

Highland Road is now complete. This is a road the township shares with West Marshland and the cost is being split between the townships.

A meeting for the OCC was held in October. The new system is going well. The next meeting is scheduled for January 14, 2025, at 6:15 p.m. at the Oakland Town Hall in the village of Webster.

Jayne Schwartz, Treasurer, noted the necessity of updating the list of individuals authorized to access our checking account at Community Bank. At present, both the Treasurer and Clerk are listed; however, the Chairman is not included.
